

# ***HOLY ROLLERS***

**Learn how I can  
maintain our  
Torah Scrolls.  
Sunday 1/19, 2 PM**

Did you know that Torah Scrolls require regular maintenance? Of course they do! These scrolls, handwritten on parchment, age just as we do. And they require love and care to be in tip top condition. There is a lot that we can do, here at Beth Israel, to perform that mitzvah before we have to call a Sofer!

Ricki Bauman will teach us how to do small tear repair, unrolling, dusting, regular cleaning, inspection for text defects (fading, cracking, unreadable letters).
